*Do not miss this important event*

**JANUARY 21, 2020 • 6:30–8:00PM • THE FITZGERALD INSTITUTE**

## **WATCH THE DOCUMENTARY RACE TO NOWHERE WITH US**

Race to Nowhere is a documentary film examining the pressures faced by young people, educators and parents in a high-stakes education system and our pressure-cooker culture. Featuring the heartbreaking stories of young people across the country who have been pushed to the brink, educators who are burned out and worried that our students are not developing the skills they will need, and parents who are committed to doing what is right for their children. Race to the Top points to the silent epidemic running rampant in our schools.
